ZAYD CHOUDHARY

West Lafayette, IN 47906 | 331-717-9674 | zchoudha@purdue.edu

EDUCATION

Purdue University, School of Computer and Information Technology West Lafayette, IN
Bachelor of Science in Cybersecurity, Minor in Management *Expected Dec. 2027*

- Relevant Coursework: Cybersecurity Fundamentals, Cryptography, Network Engineering, System Administration, UNIX Administration, Database Fundamentals and Programming, Statistics, Calculus I and II, Accounting

TECHNICAL EXPERIENCE

Undergraduate Teaching Assistant / Lab Instructor Jan. 2026 – Jun. 2026
Purdue Polytechnic Institute, CNIT 17600: Information Technology Architecture *West Lafayette, IN*

- Led weekly labs for a class of 35 students on networking, system hardware, and OS fundamentals
- Guided students through lab builds and live hardware, OS, and network troubleshooting, aiding a 10% gain in lab report scores
- Graded hundreds of lab assignments against standardized rubrics and reported recurring technical errors to faculty

Information Technology Intern Aug. 2023 – May 2024
CUSD 308 *Oswego, IL*

- Delivered Tier 1 support district-wide across Windows and Chromebook fleets, resolving hardware and OS faults
- Imaged, configured, and deployed devices in bulk, returning 1,500+ student and faculty units to service
- Restored user account and permission access and troubleshot LAN, Wi-Fi, and printer connectivity across buildings
- Maintained IT inventory and verified pilot-course lab devices met required configurations and security baselines

TECHNICAL PROJECTS

Home Cloud Media Server Dec. 2024 – Present
Personal Project, System Administrator *Aurora, IL*

- Built and maintain a self-hosted Linux media server running Jellyfin with secure remote access for users
- Configured RAID arrays, scheduled backups, and restore testing to protect data from drive and configuration failure
- Monitor uptime, storage health, and network traffic, resolving permission and connectivity faults through system logs

ADDITIONAL EXPERIENCE

Research Analyst Intern Jun. 2026 – Sep. 2026
Cadco Ltd. *Winsted, CT*

- Built two competitive intelligence databases covering 125+ products from 15 manufacturers, correcting 15+ spec errors
- Verified pricing on 100+ models across 25+ distributors, surfacing cross-dealer price gaps of up to 59%
- Designed a weighted scoring model in Excel that ranks 1,000+ product comparisons; staff refresh it monthly

Artificial Intelligence Trainer Nov. 2025 – Jan. 2026
Handshake *Remote*

- Rated and ranked 100+ AI model responses on accuracy, relevance, and instruction-following against set rubrics
- Wrote rationales and feedback for each rating, documenting errors and explaining why one response outranked another
- Authored prompts and test questions used to evaluate model responses and surface failure cases

LEADERSHIP

Head of Recruitment Aug. 2026 – Present
Alpha Kappa Psi, Purdue University *West Lafayette, IN*

- Direct recruitment for a 150+ member chapter, leading a committee of 5 across 8 recruitment events per semester
- Rebuilt the interview process around standardized rubrics, selecting 30 new members from 300+ applicants
- Previously served as Pledge Trainer (Jan. – Jun. 2026), coaching a pledge class of 35 members

TECHNICAL SKILLS

Languages and Scripting: Python, Bash, PowerShell, SQL, Java
Systems and Networking: Linux, UNIX, Windows Server, Raspberry Pi, System Imaging, RAID, LAN and Wi-Fi Troubleshooting
Cloud and Virtualization: Google Cloud, VMware, Nutanix, Remote Desktop
Data and Tools: MySQL, Microsoft Access, Excel, Microsoft 365
Security: Cryptography, Access and Permission Management, Security Baseline Verification, Backup and Recovery, Log Analysis
